The Chairman, City Improvement Trust Board, Mysore, submitted an estimate for Rs.94,000/- for the above work in order to meet the keen demand for building sites in Mysore City. It is reported that the cost of underground drainage work is not included in the estimate now submitted as otherwise it is considered that the scheme will not become self-supporting. The drainage work is proposed to be included and carried out under the comprehensive drainage scheme in Mysore City.

The estimate for the scheme has been scrutinised by the Chief Engineer for Roads and Buildings and is found to be in order.

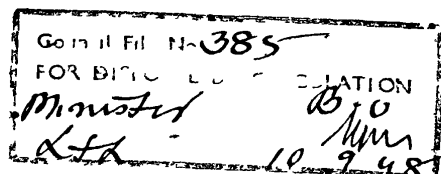

In view of the urgent demand for sites in Mysore City and as a measure of solving the housing problem at the place it is considered necessary to sanction the scheme in question.

When the file was submitted to the Minister for Finance and Industries, he has been pleased to minute as follows:-

"The scheme has to be self-supporting, just as the Yadavagiri and Paduvachalli extensions were. The scheme has also to include underground drainage. The cost of the latter may also be included in the scheme and the value of the sites fixed accordingly. Subject to this condition, the scheme is approved."

The proposal having been ordered by the Dewan to be disposed of by circulation, this note is circulated to the Ministers.

The Point for order is the sanctioning of the estimate for Rs.94,000/- for the formation of sites in Block No.12, 12A and 13 of Chamundi and Manantody Road extensions, subject to the modification that the cost of the underground drainage work should also be included in the scheme and the value of sites should be fixed with reference to the additional cost that will be incurred for the underground drainage.

Sir

SUBJECT - Estimate for Rs 94,000/= for further layout
of sites in Block No 12, 12A and 13 of
Chamundi Extension and Manantody Road Extension

me H/48-9
With reference to your Letter No L 15124 dated 29/3/48
regarding the above enquiring the opinion of the Board whether
the above extension is/an urgent nature, I have the honour
to forward herewith a copy of the Note on the above subject
together with the statement showing the financial implications
of Yadavagiri and Padavarahalli Extensions. The matter was
placed before the Board and the Board have approved the
said note.

luc
I request you to kindly obtain sanction of the Govern-
ment to the Estimate early. The work has also been arranged
to be put on hand after calling for quotations since this
area comes up in close proximity to Chamundipuram and there
is a keen demand for ^{sites from} the public in this locality.

I have the honour to be,
Sir,
Your most obedient servant,

NOTE

RE - Estimate for Rs 94,000/= for further layout of sites in Block Nos 12, 12A and 13 of Chamundi Extension and Manantody Extension

==

An Estimate amounting to Rs 94,500/= for the above layout was sanctioned by the Board vide their Resolution No 85 dated the 26th February '47, observing thereon that the cost of water supply also may be included in the estimate. Accordingly the above estimate was revised for Rs. 94,000/= including water supply. The same was approved by the Trust Board vide Resolution No 85 dated the 3rd November '47.

This Estimate was submitted to Government vide this Office Letter No D2 PR 58/47-48 dated the 21st December 1947 stating therein that the scheme is a self supporting one and there is keen demand for sites from the public and requesting to accord early sanction to the estimate.

The estimate has been received back from the Revenue Secretary vide his Letter No L 15124 dated the 29th March 1948 requesting therein to furnish (1) the opinion of the Trust Board whether the New Extension is of an urgent nature (2) to forward a statement showing the cost of Yadavagiri and Padavarahalli Extensions with the realisation from the sale of sites.

Regarding observations (1) it may be stated that applications are pouring in from the public for grant of sites particularly for cottage sites. Hence the present layout will be very useful to meet this demand at least in part.

(2) Statement showing the financial implications of Yadavagiri and Padavarahalli Extensions is enclosed for kind information.

In this present layout many sites have been granted to the menials of this Office and other poor class people at a very low rates. The cost of underground drainage is not included in the estimate as otherwise the scheme will not become self-supporting. This item of work has to be carried out under general scheme for drainage.

The Revenue Secretary to Government will, therefore, be requested to sanction the estimate very early as the Trust Board is of opinion that there is a very keen demand for house sites in this locality and that houses will soon come up if sites are granted.
